

.. “The Brockville and District Association for Community Involvement started out in September 1956 as a small group of local parents and interested people from the community.

...This small but dedicated group brought their concerns together and without any financial or emotional support but their own, set on the challenge to improve the situation for people who have an intellectual disability...the steady march forward can only survive if everyone continues to take action and keep growing.

"65 Years Together "

We are truly fortunate there are members who have been active with BDACI for several decades. By becoming a member, your voice and presence will join theirs in adding strength to your Association.

We hope you will join this group of people who strongly believe in the Goals, Objectives and Philosophy of “Community Involvement”. It is the members who determine the direction of the Association and the supports provided. Without an active membership we wouldn’t be an Association and consequently the type of supports provided (which have been determined by families) might not be available.

As a member of the Association you will become a member of both the Provincial Association (Community Living Ontario) and the National Association Inclusion Canada (formerly the Canadian Association for Community Living) and a member of Inclusion International. Through that membership we can influence decisions affecting people with intellectual disabilities that are made by the Provincial and Federal Governments. If you would like to become further involved in the Association by joining one of our current committees or taking on one of the other volunteer positions, please contact our Executive Director, Kimberley Gavan at the office.

Please take a few minutes to submit by mail the completed form below along with your cheque payable to BDACI. If you would like to pay your membership by e-transfer please contact Amanda Fenlong at 613-345-4092 or afenlong@bdaci.com

Welcome new members! To those of you re-joining ... thank you!

Your continued presence in the activities of “Community Involvement” have made us what we are today.
